Anuario de la Facultad de Derecho de la Universidad de Alcalá. Vol. X-2017. VV.AA., Anuario de la Facultad de Derecho de la Universidad de Alcalá Vol X 2017 **Postmodernidad y proceso europeo: la oportunidad como principio informador del proceso judicial.** Sonia Calaza López, José Carlos Muinelo Cobo, 2020-06-29 La postmodernidad ha llegado al proceso judicial europeo bajo la omnipresencia del criterio de oportunidad y la consiguiente controversia sobre su conversión en referente de los principios informadores del ordenamiento jurisdiccional. Esta postmodernidad procesal insta los que pudiéramos denominar posideoprosos caracterizados por la inexistencia de principios y fundamentos sólidos inequívocos firmes fijos e inquebrantables dando paso a la novedosa aceptación de tantas posibilidades de procesos posideoprosos y de mecanismos alternativos cuando sean los cambios de concepción que en razón de la oportunidad excepcionalidad u ocasionalidad estimen convenientes las partes implicadas en una suerte de autonomía de la voluntad procesal. Ante este cambio de paradigma nos preguntamos en este estudio en primer lugar si la oportunidad es realmente un principio acaso un criterio o incluso tal vez una excepción a los principios procesales clásicos. Y una vez despejadas estas incógnitas nos cuestionamos cómo quedan configurados estos principios generales tras la asunción del criterio de la oportunidad. En este nuevo marco informado por el denominado principio de oportunidad. Qué lugar y relevancia tienen entre otros los principios de legalidad seguridad jurídica y proporcionalidad. Cómo repercute la omnipresencia de la oportunidad en los principios dispositivo y acusatorio. Han quedado eclipsados modificados o condicionados los principios procesales clásicos. El Proyecto de Investigación I+D+i de Excelencia titulado Postmodernidad y proceso europeo. La oportunidad como principio informador del proceso judicial del Ministerio de Economía y competitividad en el que se encuentra enmarcado este estudio monográfico se orienta a la generación discusión y difusión de una crítica filosófica procesal penal administrativa y laboral a este nuevo paradigma que informa los procesos judiciales europeos. Cómo queda en fin afectada la arquitectura o estructura del proceso. Y hacia dónde vamos. A todas estas incógnitas daré respuesta un grupo de cualificados profesionales del Derecho Magistrados y Fiscales de manera conjunta con Profesores universitarios de distintas disciplinas científicas adscritos a diversas Universidades europeas. *Revista jurídica española de doctrina, jurisprudencia y bibliografía*, 1998
